# Correspondent's Message

Loving Parents & Beloved Students

Greetings!

It is a happy feeling to meet you all through 'Colorfly 22-23'. This News Letter is an attempt to brief you the happenings of our school. STACG constantly makes sure that Lifelong Learning trend is the way forward. Preparing young people for success in our rapidly changing world is an ardent task which we embrace it passionately.

Prioritizing technology driven classrooms, personalization of education to meet the demands of students, involving various stakeholders especially the parent community to multiple school activities are all our core strength. Adding values to future generation, we offer constantly life learning skills that blends the designing of our 'Academic Calendar.' The readers will be relating that admiringly while encountering Colorfly 22-23 with open mindedness.

Thanks to the editorial board for bringing this edition impressive and outstanding.

## ARTIFICIAL INTELLIGENCE

Artificial Intelligence (AI) is like having a computer that can think and do things like a human. One of the most exciting parts of AI is called chatbots, which are like computer helpers that can talk to us. Imagine you have a toy robot that you can ask questions to, and it will answer you back, that's kind of like a chatbot. One of the most advanced chatbots is called GPT-3, it's like having a super smart toy robot that can understand and talk to us like a real person. It can help people write stories, articles and even computer code, it can save a lot of time and make things easier for people.

## From the Principal's desk...

This is such an opportune time for this edition 'Colorfly 22-23'. STACG is fortunate to facilitate learning, making students to cherish their school journey. We focus on a combination of student engagement in learning, inquiry – based approaches, inquisitiveness, imagination and design thinking. Apparently, this new edition is a proof to proclaim our achieved privileges.

School education encompasses numerous areas in shaping one's personality. Fostering independence and free thinking, education allows us to discern right and wrong. Pedagogies like inquiry-based learning, project-based curriculum, scenario-based sessions are gaining momentum in schools. It would certainly imply creating a positive climate in school is the key to success. Understanding this phenomenon, we lay a strong foundation in designing activities and executing them meticulously.

'Colorfly 22-23' shows how we take particular care to ensure the wholesome all-around growth of the child, with special emphasis on character and personality development. As an institution we are confident that we nurture the child to grow up as a disciplined, well-adjusted and responsible citizens with democratic values.

**Mr. T. Pravin Kumar M.A., B.Ed.,**

Principal

## LIFE AT STACG

Life at STACG is filled with a diverse array of opportunities for students to grow and learn. Our academic programs are rigorous and challenging, but also highly rewarding. We offer a wide range of subjects, including math, science, English, and history, as well as a variety of elective courses. With the world moving towards digitalization, we have also implemented digital education in our curriculum which includes online classes and e-learning resources to ensure students are well-equipped for the digital age.

In addition to our strong academic programs, we also have a wide range of extracurricular activities to choose from. These include sports teams, music and theater programs, debate and robotics teams, and clubs focused on specific interests such as environmentalism, community service, and more.

At STACG, we also place a strong emphasis on community and school spirit. Whether it's through our annual homecoming parade or spirit weeks, there's always a sense of camaraderie and pride in being a student of our school. Our library is well-equipped with latest books and technology to support students in their studies, and our educational trips provide students with the opportunity to learn in a hands-on and interactive way.

Overall, life at STACG is an exciting and fulfilling experience. With a strong academic program, diverse extracurricular activities, a well-equipped library and educational trips, and a vibrant school spirit, STACG provides students with a well-rounded education and a sense of belonging in the digital age.

## Students' Corner

## MOTHER'S LOVE

*Mom is not just a word.  
Trust is given by her sight  
Hope is given by her blood  
Even if you're sad,  
she makes many reasons to make  
me happy!*

*R. Ananya  
Class VII*

## WAR AND PEACE

*Bloody red floods through streets,  
Where once air of peace blew.  
War is countless number of needless death,  
Where once harvested souls of harmony.*

*Nations fell in curse of humanity,  
Where crops grew to get demolished.  
Conquering desires of humankind,  
Feeling of greed never left man.*

*Clean and bright morning,  
When showered with peace.  
No sense of regret in them,  
Peace scented farm of thorns.*

*When hate is taught,  
Love comes more naturally.  
Let the beauty of peace  
Covers eyes of mother earth.*

*A. Libina Arul  
Class X*

Life at STACG

### KINDERGARTEN

In Kindergarten, we have been focusing on letter recognition and writing skills. Our students have also been learning about numbers and counting. We have been exploring the world around us through field trips and nature walks. We are happy to see the progress that our students are making each day. We have been incorporating fun and interactive activities to make learning more engaging for our students. We are looking forward to working with your children and watch them grow and learn.

## ACHIEVEMENTS

We are proud to announce that our school has had a fantastic year of achievements. Our students have accomplished great things in various areas, from academics to sports and extracurricular activities. Our students have been actively participating in various clubs, societies and other activities, and have been recognized for their talents and contributions. We are proud of the achievements of our students and the school is committed to providing them with the best opportunities to excel in all areas.

Achievements

## ACADEMICS

Academics is an essential component of our school and it plays a vital role in shaping the future of our students. Our school provides students with a comprehensive education that prepares them for success in the real world, through a wide range of academic programs, elective courses and extracurricular activities. Our teachers are dedicated and passionate about helping students achieve their full potential.

Academics

## SPORTS

At STACG, we believe that sports play an essential role in the development of our students. Our athletic program offers a wide variety of teams and intramural programs, providing opportunities for students to develop their physical fitness and teamwork skills. Our facilities, such as sports fields, allow students to train and compete at their best. We also understand the importance of sports in the overall well-being of our students, and how it helps them develop discipline and work ethic.
